

Note From The Pastor

I can't believe Easter is over and now we head toward the Birthday of the Church or Pentecost on the 5th of June.

The Holy Spirit touched the disciples so they could spread the news about Jesus and that same Holy Spirit touches us so we too can believe.

Martin Luther tells us that his own mind could not comprehend the message of Jesus but only through the Holy Spirit could he or any of us believe.

Besides giving us the ability to believe it also gives us the ability to share the good news of Jesus with others.

Perhaps my trick candles will actually work for the Children's sermon this year. That would be an act of God... pjh
