

Note From The Pastor

We live in a troubled world, and it always has been. The hatred of groups of people for various reasons goes against everything Jesus taught us and in reality, it goes against nearly every religion in the world. The Jews have been persecuted more than any other group of people. Hitler murdered millions and now Hamas has murdered more than a thousand. The entire region of the world is now in turmoil.

Ukraine is still trying to fend off Putin and Russia and in our own country shootings take place every day.

Jesus told us he didn't come to bring peace on earth but even though I know God isn't doing any of this it is getting out of hand.

There is no real the answer. People who hate so deeply can't be reasoned with. It is like talking to a person to stop drinking who is drunk.

Of course, Thanksgiving is coming up and we know we should be thankful for all we have but it's hard to not see the images of those hurting throughout the world.

We must continue to pray for all who suffer because of actions of hate.

Hate crimes in this nation are on the rise and especially against the Jews. We have to stand up to hate. If we hear someone speaking the words of hate, we must at the least walk away and not act lie we approve what they are saying. Jesus asked us to turn the other cheek, but this is getting ridiculous.
