

# St. Paul's Epistle

May 5, 2024

## Note From The Pastor

**Pentecost Sunday** is 19 May 2024 – Wear Red

Speaking of Pentecost, we often call it the birthday of the church because without the Holy Spirit touching the disciples, they wouldn't be able to share the news of Jesus, and the message would have died when the last of them (John) died.

Martin Luther would say, "I can't by my own mind come to understand the good news about Jesus, but only through the power of the Holy Spirit does any of it make sense."

That Spirit gives each of us the ability to believe a message that on the surface seems crazy.

The Spirit gives us the ability to share the Good News of Jesus to others who perhaps aren't sure if God loves them.

The Spirit is always positive! Pjh
